HL 10 Writing Exercise **CCOT Social and Economic Transformations in the Atlantic World** **Final Copy** **WK 18**

Directions: Review Handouts on how to write a thesis statement and how to write a Change and Continuity Over Time (CCOT Rubric) essay in preparation for this week's writing assignment. You may also refer to the recent chapters in the APWH textbook. You must complete a prewriting activity, e.g. PERSIAN, T-Chart, Venn Diagram, etc… prior to your drafting. Then, write an essay in which you analyze the social and economic transformation that occurred in the Atlantic world as a result of new contacts among Western Europe, Africa, and the Americas from 1492 - 1750. Your essay must have a relevant thesis and supports that thesis with appropriate historical evidence. It must address all parts of the prompt. The essay must use a sound historical context to show change over time and / or continuities.
