Final Exam Grade/Project Based Learning

PBL Final Exam Grade Guidelines:

1. Join together in a partnership of 2 to 3 classmates. See Doc Holley for approval.
2. Confer with Doc Holley in the selection/assignment of a single COLLECTION from the textbook.
3. Organize, discuss and plan to identify all key concepts, major works/authors/themes, important vocabulary, events, writing skills, rhetorical terms, styles of writing, etc...
4. The power point presentation for each COLLECTION must have a minimum of 20 slides and include both visuals and text-related information per slide. The slides must be balanced, professionally formatted and sequenced according to the information contained in the text (chronological.)
5. Although you may pull in outside information and use outside sources the primary objective is to present the information that is contained WITHIN the textbook. Do not go overboard with the text on the slides...identify the keep topics and use bullet formatting (HINT: Do you remember how to do an alpha-numeric outline?) At least one small visual per slide.
6. FINAL PRODUCTS: Imaginative, creative yet very academically thorough power point presentations (30 slides per chapter is most appropriate) – MUST BE SAVED (prior to the Final Exam due date/time for your individual class) TO THE “T Drive” Shared - using the following format =

PBL Final, COLLECTION # ____ last name + last name + last name)

7. SCORING :
70 % Completeness/Accuracy 15% Depth/Complexity 15 % Overall Visual Appeal

BONUS Points Option: Deliver your presentation to Doc Holley in a partnership.
